EUROPEAN REGION

Members express their appreciation and present

**The European Achievement Award 2013**  
to  
*Kate York*

at

The European Regional Conference  
Amsterdam, August 2013

The European Achievement Award is given biennially in recognition of distinguished service given to Delta Kappa Gamma in Europe.

Kate received a totally unanimous vote from all of the countries in DKG's European Region, in recognition of her amazing and unstinting level of commitment in her work in Europe as European Regional Director 2010-2012.

Kate encourages all with her vision of DKG Europe. She always manages to give clear directions in any situation. She is a calm, reliable fount of information, always available to point the way forward, and to bolster morale and flagging spirits. She was a real 'rock' to all European Presidents and members as a Regional Director and supported generously any State President or country when asked for help, guidance or support.

As a member of the Administrative Board, Kate constantly put forward the views of Europe, thus ensuring that everyone understood the different issues found in our Region. By her manner and efficiency she impressed all and consequently managed to raise the profile of the European Region. This she continues to do via her membership of The Nominations Committee.
