*Dr Marianne Skardéus*

at

**The European Regional Conference  
Baden-Baden, August 2011**

The official recommendation from Sweden reads:

Dr Marianne Skardéus is devoted to her mission for DGK. Marianne has done a valuable work on membership issues, which has resulted in establishing of the DKG organization in Estonia and in Denmark. She has opened up for new chapters in these countries as well as in Sweden. She is active in stimulating members to apply for scholarships and to start educational projects in developing countries. Marianne is outstanding in her engagement for strengthening the European Region in an international perspective.

We believe she is a very worthy representative of the European Membership.
