

Thank you!

Thank you all Europe members for an inspiring, interesting two years' session, thank you for all inputs and cooperation with me as your regional director.

It has been honor and a joy to be allowed to serve. I thank you for your trust, loyalty and confidence.

You have made me so proud of Europe! Thank you! When our International President visited us during our Europe Regional Breakfast she said that we were the spices in the DKG dish and first I thought she is telling us that we are small as normally we take a lot of the meat and the veg and very little from the spices but then again I did some rethinking. Number one: "Big is not always beautiful". We know that. Number two: Yes, right so! We are the spices of this Society we have with our way of arguing and reacting contributed to changes!

We are the spices of this Society, we are the salt, the pepper the chili the nutmeg. We give the flavor.

I want to thank you for the wonderful scarf designed by the Finnish designer Marja Kurki, I was presented at the Regional Breakfast and also for the kind words. It warmed my heart deep down.

Marianne Skarðeus

Europe Regional Director 2014-2016
